PPLD

Multi-Purpose Recovery Truck

DEFENCE

EN

© STAT - D.DUPLUIS

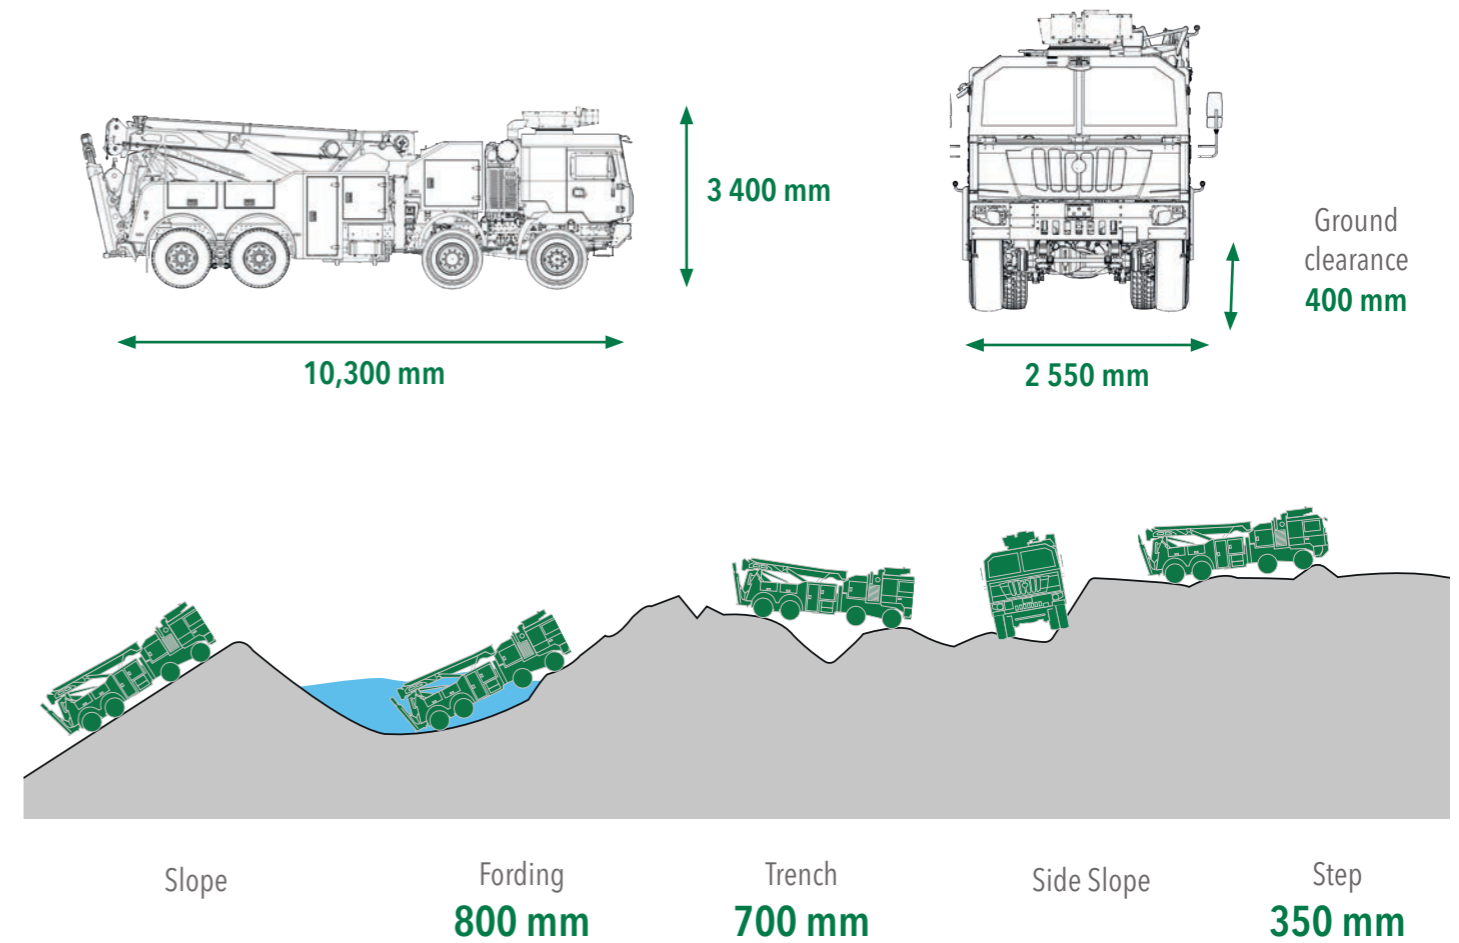

The PPLD heavy multi-purpose recovery truck is the French army's benchmark all-terrain recovery vehicle. It is intensively used for missions abroad in particular.

Its recovery system has a main 18-tonne haulage winch and an auxiliary winch enabling it to cope with all situations.

The PPLD is the ultimate logistics support vehicle. It is used for the recovery, evacuation and extraction of immobilised vehicles and machinery.

To perform its missions, it is equipped with a high-capacity crane and towing arm. It has excellent mobility and protection adapted to front-line missions.

Technical characteristics

Protection : level 2

Maximum speed: 90 km/h

Pull and tow arm: 50 t

Lift and tow arm: 12 t

Crane lifting capacity: 15 t

Crane rotation angle : +/- 180°

Crane maximum reach : 7.6m

Crew: 4 people
