PPLD

Multi-Purpose Recovery Truck

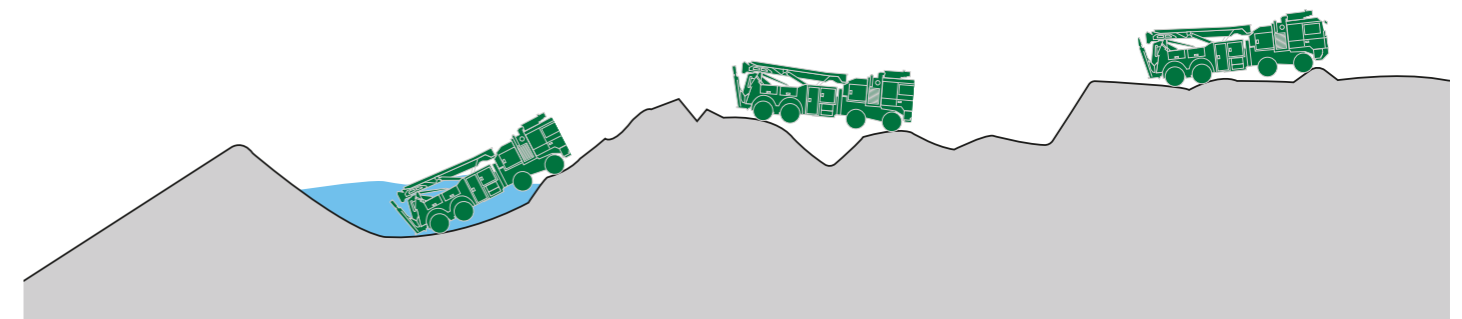

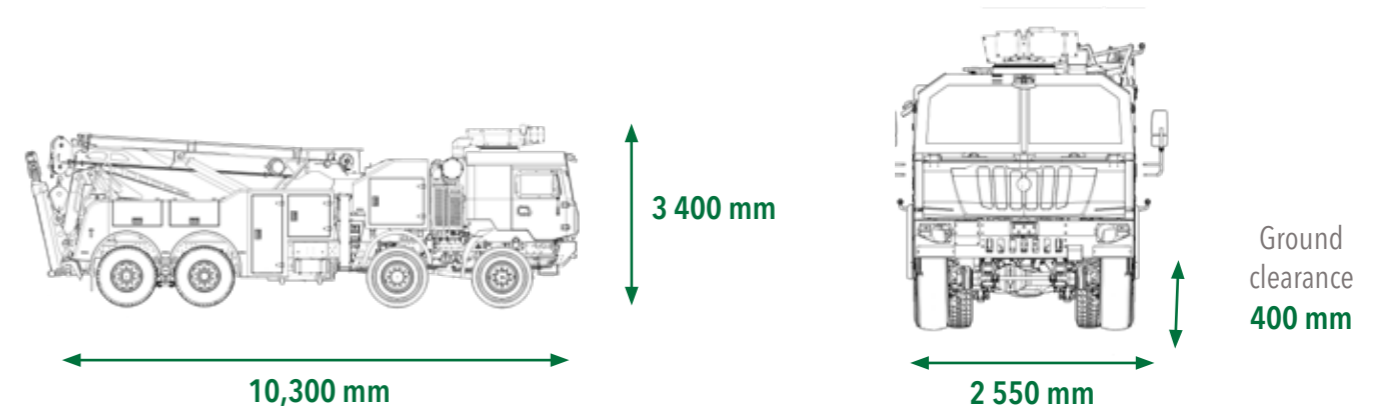

DEFENSE

EN

Technical characteristics

Fording
800 mm

Trench
700 mm

Step
350 mm

The PPLD heavy multi-purpose recovery truck is the French army's benchmark all-terrain recovery vehicle. It is intensively used for missions abroad in particular.

Its recovery system has a main **18-tonne haulage winch** and an auxiliary winch enabling it to cope with all situations.

The PPLD is the ultimate logistics support vehicle. It is used for the recovery, evacuation and extraction of immobilised vehicles and machinery.

To perform its missions, it is equipped with a high-capacity crane and towing arm. It has excellent mobility and protection adapted to front-line missions.

Protection : level 2

Maximum speed: 90 km/h

Crane lifting capacity: 15 t
Max. reach: 7,6 m
Rotation angle : +/- 180°

Underlift: 12,5 t

Main winch: 18 t
cable length: 80 m
