# RPC 8500

## Technical characteristics

Slope      Fording      Trench      Side slope      Step

Based on central axles and fitted with pneumatic suspension, the **RPC 8500** is a robust, multi-purpose, easy-to-use trailer with excellent road capabilities.

This trailer offers very **high dirt road and all-terrain mobility.**

It is particularly designed for the transportation of packages to ISO dimensions (20 feet).

The **RPC 8500** is suitable for long-distance transportation up to speeds of 110 km/h on roads, 60 km/h on hard tracks and 20 km/h on sand.

It is **universal** and compatible with most civilian and military trucks currently in service.

It also has four manual stabilisation legs, **facilitating its use.**

One person can easily manoeuvre the RPC 8500 alone for coupling and uncoupling, stabilisation and changing a wheel, both laden and unladen.

- Brake circuit: 2 circuits with EBS
- Payload: 8 500 kg
- NATO type D76 towing ring
- Electricity: 24 V  
Compliant with NATO standards
- Running gear: 2 rigid axles
- Tyres: 425/55 R19 5
- GVWR: 12.3 t
- Suspension: Pneumatic
